

SPALDING DRIVE MEDICAL SUPPLY, LLC  
THE CHOICE IN NOSE CARE®

Cage Code: 7NBT1  
Duns #: 022818776

NoseComfort®

## CAPABILITY STATEMENT

Spalding Drive Medical Supply is focused and dedicated to providing patients with the most comfortable and convenient solution to their problem of wearing eyewear following nasal surgery or any other type of nasal trauma. Our product, NoseComfort® Eyeglass Support replaces the need for adhesive tape which surgeons currently use for supporting a patient's eyewear following a nasal trauma. NoseComfort® eliminates skin irritation and complications from adhesive tape, relieves undue pressure by simplifying placement and removal of eyewear, and improves the patient's comfort and convenience during recovery.
